THE MOST TALKED OF INSTRUMENTAL PIECE OF RECENT YEARS

# "SABBATH CHIMES"

THE GREATEST NOVELTY COMPOSITION  
ON THE MARKET

Insist on getting "SABBATH CHIMES," by F. Henri Klickmann

**T**HIS wonderfully clever little piece has caused more favorable talk and comment than any piece of music published in recent years. The clever arrangement of the chords, when properly played, give an exact imitation of church chimes. If you heard this piece played at a little distance you would be willing to wager that it was being played on church bells; the effect is so wonderful.

Be the first in your circle of friends to get this piece, get it learned to perfection, and we promise you, you will cause a genuine sensation the first time you play it for your friends.

We show you below little bits of three of the movements of "SABBATH CHIMES." Try them over and then be sure you get a complete copy at the earliest possible moment.
